Keenan Marshall Keller : The Humans Volume 1 (Humans Tp) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Humans Volume 1 (Humans Tp):

Meet The Humans as they mourn the loss of a fallen brother only to have Johnny, a long-thought-dead member, return to the fold! Johnny struggles to find himself now that he is back home as he fights the flashbacks from the jungles of

Vietnam. Meanwhile, the gang is cooking up a new drug called SPAZM and a scheme to drop on the market. It all culminates at Abe's compound with a Skin-fight (like cock-fighting but with Homo Sapiens slaves), and the Humans team up with The Mad F*****s to organize a massive drug-run to Los Angeles. Ride with us for a far-out trip full of gang rumbles, skin-fights, loads of psychedelic drugs, bad-ass biker apes, hot biker mamas, and awesome choppers in the endless party that is the life of The Humans as they fight, f**k, and fly down the road to oblivion! Join our crew! Ride with The Humans today! Collects The Humans #1-4, and issue #0.
