**Grant Morrison : The Invisibles Vol. 6: Kissing Mister Quimper** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Invisibles Vol. 6: Kissing Mister Quimper:

0 of 1 people found the following review helpful. came late to this series - probably the most challenging ...By sambacame late to this series - probably the most challenging material i've read in the last year.6 of 8 people found the following review helpful. Mister Quimper and the Lords of Intrusion...By CustomerThe idea of the entire Invisibles series seems to be Chaos vs. Order. You would think order is better than chaos right? Well, according to this series,

Order is the worst possible thing bar none next to the apocalypse. Why? Well, for instance, say you walk into a coffee shop, and when you get up to the counter the person hands you a cup of coffee and says: "that's \$1.50" or whatever. Now, you didn't even ask for the coffee yet, and you like it a certain way, right? You want a half-caff latte, Or a black mocha, or just a regular, yes? Well, instead you get this unknown cup of coffee, that costs a certain amount and you dont get to know what's in there and you just drink it. You drink it not because the universe is chaotic, but because the universe is ORDERED. Everything is in the right place, but unfortunately, humanity and all its wonderful variation is not factored into the equation. This is a simplistic way of looking at the complexity of a series like Grant Morrison's Invisibles, but I hope I am on the right track. The order that Quimper and his masters represent is a totalitarian order where your mind is literally controlled by another. Choice is non-existent. All is lost, and nothing can save you. The chaos The Invisibles represent is that you have every choice imaginable before you (except sometimes you don't), All appears lost (but probably is not), and you get by with a little help from your friends (always a good thing). I tried not to give too much away of this series while trying to convey the sense of boundless creativity contained in this volume (and all volumes) of the Invisibles. It is truly a masterwork of graphic storytelling and I cannot recommend it highly enough.0 of 0 people found the following review helpful. Smoking Fellini reelsBy K. G. FlippinThis is the point at which things become excessively meta. Given certain scenes in this volume, I'm increasingly convinced that this was composed under the influence of powerful psychoactive substances. The thin thread of plot heretofore barely in evidence seems herein to have become, not incomprehensible exactly, but essentially incoherent. Or maybe, like a Fellini film, it's deliberately that way to induce confusion (or mere frustration) in the reader. Anyway, I'm glad there's only one volume remaining, or I'd probably cut and run here.

In the sixth volume of the INVISIBLES collection, the group of freedom fighters must deal with the aftermath of their battle with the Hand of Glory. But as the Invisibles look to rest and regroup, they soon discover that this fight had far greater effects than their physical casualties. With King Mob growing even more violent and their leader Ragged Robin continuing to hide many secrets, the Invisibles find themselves dealing with time distortions, secret government installations, and their own warped pasts as they try to uncover the truth about the mind-controlling dwarf called Quimper.

About the AuthorWriter Grant Morrison is known for his innovative work on comics from the graphic novel Arkham Asylum to acclaimed runs on Animal Man and Doom Patrol, as well as his subversive creator-owned titles such as The Invisibles, Seaguy, and WE3. Grant has also written best-selling runs on JLA, Seven Soldiers of Victory, and New X-Men, and helped to reinvent the DC Universe in The Multiversity, All Star Superman, 52, Batman, Batman Robin and Batman, Inc.
