Different than what i was expecting, but still good.By Kindle CustomerI'm a big fan of the t.v. series, so I decided to read the comic it was based on. I like the t.v. series a lot more, but this is still a really good story. Just wish it could have been longer.2 of 2 people found the following review helpful. Grandma says thumbs upBy Betty JeanNot the typical audience for these books (at 68) but I love the TV show and wanted to read the graphic novels. Exactly what I wanted it to be. By Randolph Waller Shipped on time. Nice hardcover edition collected series for any fan.

Told from a female zombie's perspective, *IZOMBIE* is a smart, witty detective series with a mix of urban fantasy and romantic dramedy. Gwendolyn "Gwen" Dylan is a 20-something gravedigger in an eco-friendly cemetery. Once a month she must eat a human brain to keep from losing her memories, but in the process she becomes consumed with the thoughts and personality of the dead person until she eats the next brain. She sets out to fulfill the dead person's last request, solve a crime, or right a wrong. The inspiration behind the hit CW series created by Rob Thomas (*Veronica Mars*) is now collected in its entirety for the first time ever in his oversized omnibus edition! This critically acclaimed series from Chris Roberson and Michael Allred is a can't miss for fans of the show and graphic novel lovers alike! Collects issues #1-28.
