The supernatural stories that make up Robert W. Chamberss classic piece of weird fiction are tied together by a play

that brings madness to all who read it: *The King in Yellow*. Its a book that draws readers in with an irresistible yet innocent opening act, then drives them insane with the poisonous words of Act 2. Its a book that cannot be suppressed, spreading like a disease from city to city, continent to continent. An influence on writers from H. P. Lovecraft to Neil Gaiman, *The King in Yellow* is one of the most important works of American supernatural fiction. In this dangerously unputdownable graphic-novel adaptation, I. N. J. Culbard brings to life a thrilling tale of horror that will make readers laugh and cry and tremble with fright . . . Read at your own risk.

Clean lines, bold colors, and characters that wriggle right into the readers brain are Culbards trademark. In the realm of *The King in Yellow*, those skills are put to dastardly use as what begins in intrigue ends in poisonous insanity and palpable fright.
