**John Ostrander : The Last Siege, The Final Truth (Star Wars: Clone Wars, Vol. 8)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Last Siege, The Final Truth (Star Wars: Clone Wars, Vol. 8):

I would also recommend the Dark Times series, which happens right after the Clone Wars. 0 of 0 people found the following review helpful. Amazing By uriah lekin For the legends this shows

that a lot of stories really fill the Star Wars gap from the prequels to the originals now sequels. 9 of 10 people found the following review helpful. An answer for N. Wells...By Razr MaxxN. Wells at the end of his review said "I hear there is a 9th volume coming out, not sure how much more there is to tell in this series though." The 9th and final volume of the CLONE WARS series of the STAR WARS REPUBLIC comic line will be called ENDGAME, and it means basically what you think it might. It includes the last 5 issues of the REPUBLIC line plus one stand-alone issue. The action takes place during and after EP. III Revenge of the Sith. Strangely, the first two-part story takes place shortly after ROTS as the remaining surviving Jedi deal with the aftermath of Executive Order 66. The second 3-part story takes place during the Battle of Kashyyk in ROTS and deals with Vos' final conflict at which time Order 66 came down. And the final stand-alone issue called PURGE is what you think it means as Darth Vader hunts down the remaining Jedi, thus setting in the darkness that follows the rise of the Empire. This last issue, well, the last of the 3-parter about Kashyyk was designed by George Lucas himself, so that which sets up the forth-coming live-action TV series. So characters that survive that story are sure to be found in the TV series.

While both the Republic and the Separatists have suffered staggering losses during the Clone Wars, nothing could have prepared them for the battle they face on the desert world of Saleucami. Beneath the surface of this Outer Rim planet, the Dark Jedi Sora Bulq has begun cloning an army of Morgukai assassins. Unwilling to leave this grave new threat unchecked, the Jedi and their armies soon find themselves entrenched in a five-month siege. Now, time and resources have run out, and it's up to a crack team of Jedi, led by Quinlan Vos and Aayla Secura, to infiltrate the Separatist base.
