Manara is able to convey so much with so few lines. The reproduction and paper here are also fabulous. Reading something like this is such a deeper experience than just reading the usual American superhero comicbooks (altho they can be pleasant on occasion too). This volume is recommended by me even if you already have PIRANESI (which I do) --- plenty here that hasn't been seen by me before, and some that has never even been translated into English.0 of 0 people found the following review helpful. Dark Horse's celebrated series collecting the work of master cartoonist Milo Manara is a wrap! In this final volume of The Manara Library, the Maestro's unmatched draftsmanship and versatility are on full display, with stories spanning science fiction, Westerns, war, creature features, and more! Featuring the sexy political space opera *Escape from Piranesi*; the provocative illustrated history of the human race, *The Story of Humanity*; Manara and Castelli's classic tale of spiritual discovery, *The Snowman*; and Manara's *Reality Comics*, published in English for the first time ever. The sixth and last volume in this multi-award-winning series ends on a strikingly high note!
