Jeff Lemire, Brian Azzarello : The New 52: Futures End Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised The New 52: Futures End Vol. 1:

2 of 2 people found the following review helpful. pick this up! By Jacob With a first issue that hooks you in and keeps you there until you are finished with the volume, I highly recommend this volume. I was very skeptical of DC doing weekly books but after reading this, Batman Eternal and Earth 2 Worlds End I am very happy with what they have

been doing. This is a book for people that like big radical things happening in books. The only negative I can say about the book is sometime it switches between the characters mini stories a bit too much. I also love that Red Robin and Mister Terrific play parts in the story. 0 of 0 people found the following review helpful. but was overall a pretty good event. By Justin There are a few too many subplots in the story that can get distracting, but was overall a pretty good event. The art is great and I get to see my two favorite Batman characters interact, Tim Drake and Terry McGinnis, 2 of 2 people found the following review helpful. This is a great read! By Isaac Taylor This is a great read!! It follows several different story lines, but never gets confusing. I really enjoyed the first volume and can't wait for the second.
