By Mr. Fuller I don't want to give a lot away as I bought this knowing only that it was critically acclaimed and man am I glad. Boy, was it a wonderful ride of a read. Do yourself a favor and pick it up as it's a great price, the art is stellar, the story is gripping and you will be

like me after it's done, you'll want to read it over again and check out Mr. Hickman's other work too.5 stars!0 of 0 people found the following review helpful. Don't try this at homeBy Kindle CustomerFreaking crazy- that about sums up this comic about a terrorist group out to destroy the news media. In between acts of violence and mayhem it also provides fascinating stats of the nature of the people that bring us our news that reminded me of the credits to The Other Guys. It'll fill you with ire, but not in a way that calls for you to mimic it's ... well, protagonists is not the right word, so I'll just say leads. Quite a read.0 of 0 people found the following review helpful. Revolutionary. Inspiring. Groundbreaking.By ClintI purchased Nightly News after reading a GQ article about the best GN's to read. I have always been a comic reader, and for me, the original Star Wars, the Phoenix saga Byrne/Claremont X-Men, Age of Apocalypse, and Preacher were the comics that blew my mind and were a huge inspiration. Oh, there was another story that begins with a "W", but that one goes without saying. Anyways, I will not attempt to summarize Nightly News, but will just compare it to classics masterpieces such as Godfather, Usual Suspects, The Shining, Scarface.....it's just that good.

As an act of violence spirals out of control to encompass the entirety of the news media, a cult has emerged from the errors and retractions that have ruined careers, marriages and even lives. Under direction from his cult master, The Hand leads an army of followers committed to revolution, willing to die for their cause.
