Thomas Ott : The Number 73304-23-4153-6-96-8 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Number 73304-23-4153-6-96-8:

This creepy graphic novel, drawn on scratchboard, is about a man who finds a mysterious number that changes his life: now in softcover. Horror master Thomas Ott's only full-length graphic novel is now available in paperback! When clearing up the cell of a prisoner who has been sentenced to death and subsequently executed, a guard finds a small piece of paper with a combination of numbers on it. On the spur of the moment, he puts it into his pocket. Living a solitary, monotonous life, the man finds his curiosity awakened by the numbers on the paper. They also signal radical

changes in his luck... and fortunes. Until, that is, they dont. The inexorable abyss that follows is quintessential Ott, modern master of the old fashioned plot twist. But more than the plot itself, Otts hallucinatory, hyper-detailed scratchboard visions will haunt you long after youve put the book down. Black white.
