Just buy this and shut up! But in other hand Ill talk about the format, the paperback format. I've read this book first from a Hard Cover, which is gorgeous, but the paperback its great too, great art and it includes all the extra material found on the hard cover edition. 0 of 0 people found the

following review helpful. "My cat is Dream of the Endless. He does not give rides."By Trevor HeddenFor the reader who's read the original issues/volumes of Sandman, buy this now. For the new or casual reader, go read (or reread) volume 1 THEN buy this. Wonderful writing by Gaiman and about time J.H. Williams III got a turn with the Endless. A nice bit of "behind the scenes" pages follow the story.0 of 0 people found the following review helpful. A great book undone by a terrible printingBy ITKGreat book, but a terrible printing. The paper quality is poor, much too shiny and reflective, and it needed to be about 20% larger to be truly legible.

#1 NEW YORK TIMES BESTSELLERWinner of the 2016 Hugo Award for Best Graphic StoryTwenty-five years since THE SANDMAN first changed the landscape of modern comics, Neil Gaiman's legendary series is back in a deluxe edition! THE SANDMAN: OVERTURE heralds New York Times best-selling writer Neil Gaiman's return to the art form that made him famous, ably abetted by artistic luminary JH Williams III (BATWOMAN, PROMETHEA), whose lush, widescreen images provide an epic scope to The Sandman's origin story. From the birth of a galaxy to the moment that Morpheus is captured, THE SANDMAN: OVERTURE will feature cameo appearances by fan-favorite characters such as The Corinthian, Merv Pumpkinhead and, of course, the Dream King's siblings: Death, Desire, Despair, Delirium, Destruction and Destiny.

Gaiman revisits Morpheus's universe with warmth and renewed delight --Washington PostGorgeous. --The New York TimesExpansive and atmospheric, jammed with brainy, contemplative moments and dry humor. Gaiman's vivid, wild imagination is grounded in Williams and Stewart's beautiful, captivating artwork. Sandman fans will surely be elated not only by the return to the story but also by the stunning, gorgeous artwork, which outshines the original.Booklist "Dream is a long way from his realm, but for me reading this comic feels exactly like coming home."The Guardian"Sandman: Overture may go down as one of the best-drawn chapters in Sandman's already legendary run."NewsaramaGaiman's lush world is only made all-the-more incredible thanks to its visuals --NerdistAbout the AuthorNeil Gaiman is the New York Times best-selling author of the Newbery Medal-winning The Graveyard Book and Coraline, the basis for the hit movie.
