After some of the scripts and extra covers, .. I just wanted to get back to the story! Talk about an embarrassment of riches!0 of 0 people found the following review helpful. Very good read!By L. Henry Dowell-PlaywrightVery enjoyable read. Many different

incarnations and origin stories are combined here to form one cohesive origin for the Shadow.0 of 0 people found the following review helpful. GreatBy CustomerI loved it

The Shadow has enjoyed nearly a century of enduring popularity as the first and greatest hero from the golden age of pulp magazines. Here, for the first time, is unveiled the origin story of how the Master of Men returned to America following his many adventures abroad in the aftermath of World War I. How did Lamont Cranston launch his legendary crusade against crime, assemble his vast network of covert operatives, and meet his lover and companion, Margo Lane? A treat for longtime Shadow fans and a perfect introduction to the character for a whole new generation of readers. Who knows what evil lurks in the heart of men? The Shadow Knows! Collects the complete ten-issue storyline (#1-10) from The Shadow: Year One, including a pin-up gallery of over 50 comic book covers (by top-tier artistic talent including Alex Ross, Matt Wagner, Jason Alexander, Howard Chaykin, and more), plus the complete script to the first chapter.
