It's been two years since the Master's plan succeeded and a near apocalypse coated the world in darkness. Now able to roam freely, the Master's legion of vampires rule the world--a horrifying police state where humans are harvested for blood. As humanity despairs, Dr. Ephraim Goodweather and an unlikely team of heroes continue their fight against extinction and hope to unlock the secret to the Master's demise. Adapting from the best-selling trilogy of novels by filmmaker Guillermo del Toro and novelist Chuck Hogan, Eisner Award-winning writer David Lapham (Stray Bullets) and artist Mike Huddleston (Butcher Baker, The Coffin) visualize a compelling world in this tragic apocalyptic adventure.

"What's immediately evident after viewing the extended trailer is how much the Dark Horse graphic novels by renowned comics creator Lapham and artist Huddleston have influenced the visual identity of the TV show. Del Toro worked closely with Dark Horse and the evidence is everywhere." -CBS Man Cave "A must-buy." -We the Nerdy "Creepy . . . [and] chill inducing." -Entertainment Weekly "Phenomenal." -The Nerdist "If you're enjoying the TV series, then you better get the Strain comic right now." -Bloody Disgusting About the Author David Lapham is an American comic book writer, artist, and cartoonist, best known for his work on the independent comic book, Stray Bullets.
