Dark and beautifulBy KBI bought this book along with Yoshitaka Amano's Fairies book as a gift. I love both of them. The images in this book are darker than the images in the Fairies book, but just as beautiful. I have been trying to decide which book I like better, but it is impossible. I am glad and I went ahead and purchased both.0 of 0 people found the following review helpful. Four StarsBy Mercy FabianBeautifully designed and colored. It's like a dream.

Yoshitaka Amano has been praised around the world for his lush watercolors and evocative work dealing with myth and legend. In *The Tale of Genji*, Mr. Amano brings his considerable talent to retelling one of the most famous of Japanese myths. Written by Murasaki Shikibu shortly after 1000 AD and considered by most scholars to be the first novel ever written, *The Tale of Genji* is the story of the romantic adventures of Genji, the amazingly handsome prince and his many romantic conquests. Told through stunning paintings, Mr. Amano brings this classic story to life for a new generation.
