Can not wait for more.0 of 0 people found the following review helpful. A bit confusing but overall very niceBy Morgan P.To be honest it is pretty confusing and you have to read it a few times to fully understand what is going on since he explains the story through flashbacks,

however once you understand it, it is enjoyable. I like the art, the writer (obviously), and that all the couples in it are subtly gay. I like watching the nanana music video and making the connections to the story and that it brings the characters to life, and I love the whole atmosphere of the killjoys. 2 of 2 people found the following review helpful.
