**Alex Raymond : The Tyrant of Mongo (The Complete Flash Gordon Library)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Tyrant of Mongo (The Complete Flash Gordon Library):

4 of 4 people found the following review helpful. Big Improvement By Robert Blume I was disappointed by some of the shortcomings I saw in volume one. I am very glad I stuck around for volume 2. No problem with the spotty reproduction seen in the first book. The images here are sharper and the color is better, in my opinion. Additionally Alex Raymond's visual imagination and maturity as an artist dovetail to make this 1937-1941 period a high point in the Flash Gordon strip. I am happy to say my copy arrived in perfect condition. Some of the cover flaking and marring reported by purchasers of the first volume are not in evidence. I recommend The Tyrant of Mongo without reservation and I am looking forward to Titan's next book in the series. 0 of 0 people found the following review helpful. Four Stars By Thomas M. Smith III thank you very much! 10 of 11 people found the following review helpful. Titan gets it right! By Bobby Titan gets it right! I own the Kitchen Sink Press Flash Gordon books and yes they look very good, they have glossy pages and bright colors but that is not how they looked in the original newspapers. I love the way Titan has used a paper that is high quality that gives the colors and printing the look that the strips had back in their day. While at the same time making the strips look as good as or better than the day they were first printed. It is about time someone showed the love and attention these strips deserve and collect the entire run of Flash Gordon. I will be in line to buy every book of the series and I hope you will too. You will be glad you did.

Continuing the comprehensive library of the greatest science fiction hero of all time, this gorgeous collection of library

editions feature all-new restorations that will preserve these legendary adventures for generations to come. Featuring strips from world-famous writer-artist Alex Raymond, restored in their original format, complete and uncut! This volume continues the seminal adventures of pulp hero Flash Gordon, an ordinary man trapped on an alien world, and his ongoing battles with the deadly and heartless Ming the Merciless. The Tyrant of Mongo offers readers a series of new, swashbuckling Flash Gordon adventures, including: The Fall of MingIce Kingdom of MongoBeast Men of Mongo

Thanks to the top-notch presentation and restoration, Flash Gordon: The Tyrant of Mongo feels more like a collection of art than a simple comic strip. The faithful reprinting can be appreciated by longtime fans and newcomers alike. Horror News I would really recommend this book for the serious or casual fan of Flash Gordon. 8 Days a GeekAbout the AuthorAlex Raymond is one of the most famous artists in the history of comic strips. He created Flash Gordon, Secret Agent X-9, Rip Kirby and Jungle Jim.George Lucas has cited Flash Gordon as an inspiration for the Star Wars movies, and Raymond's work has inspired decades of writers, artists and filmmakers.
