Ryan North : The Unbeatable Squirrel Girl Vol. 2: Squirrel You Know It's True before purchasing it in order to gage whether or not it would be worth my time, and all praised The Unbeatable Squirrel Girl Vol. 2: Squirrel You Know It's True:

0 of 0 people found the following review helpful. SQUIRREL GIRL IS AMAZINGBy JessicaOmg this was just as

good as volume 1. Squirrel Girl is so funny and adorable and charming and overall just awesome. This series is seriously the greatest thing ever. So. Many. Feels. Plus Loki makes an appearance in this and I love Loki. 6 of 7 people found the following review helpful. Still eating nuts and kicking butts! By Matt Murray The Unbeatable Squirrel Girl is a hilarious read. It might be the comic I look forward to reading the most on a monthly basis and consistently has me smiling, if not outright laughing, at each and every page. It takes both a loving and irreverent look at the Marvel Universe, something that can sometimes end up bogged down in itself. It needs something to poke fun at it and Squirrel Girl does just that. The reason I am giving this 4 stars instead of the 15 dozen it deserves is not because of the content but because of the packaging. As far as trade paperbacks go, this one does a decent job of compiling the stories. It keeps the bottom of the page jokes (hint: look at the bottom of every page!) intact and does what it should. But it feels short. It's still worth every penny, but I feel like this and volume 1 (The Unbeatable Squirrel Girl Vol. 1: Squirrel Power) should have been packaged together. 1 of 1 people found the following review helpful. Cat-Thor. By DDo you know what's missing from your life? Loki as Cat-Thor with a comically large head. Unless you already read this, in which case, you're good to go.

The breakout character of 2015 continues her one-woman crusade against injustice and jerks! These TAILS of the Squirrel Girl will show you the Marvel Universe's most powerful super hero from a bunch of brand-new perspectives, several of them QUITE ASTONISHING. COLLECTING: The Unbeatable Squirrel Girl 5-8, GLX-Mas Special 1 (first story), The Thing 8 (pages 1-8), Age of Heroes 3 (Squirrel Girl story)

From School Library Journal Gr 6 Up In this latest adventure, college student Doreen Green, aka Squirrel Girl, saves a group of hostages, including her cat-loving roommate, Nancy, from robot dinosaurs. She encourages a mutated hippo with a fiery temper to become a demolition worker instead of robbing banks, and she teams up with Chipmunk Hunk, Koi Boi, Loki (who, at the request of Nancy, transforms himself into "Cat Thor" from her Thor fan fiction), and the new and previous Thors in order to defeat Ratatoskr, the Norse God of Squirrels, whose influence makes heroes and ordinary citizens alike turn on one another. Squirrel Girl's incredible strength, intellect, and genuine interest in making friends make her an unbeatable heroine and a relatable role model. While there are appearances by current Marvel superheroes, prior knowledge of the larger Marvel Universe is not necessary to understand the story. As in the previous volume, each chapter begins with a Twitter conversation among the characters and ends with fan letters answered by the creators. VERDICT A delightful option for those who loved the first installment and for all graphic novel aficionados. Marissa Lieberman, East Orange Public Library, NJ About the Author Ryan North is the (New York Times bestselling, Eisner-award winning) creator of Dinosaur Comics, the co-editor of the Machine of Death series, and the author of To Be or Not To Be, the choose-your-own-path version of Hamlet! He has written the "Adventure Time" comic and writes "The Unbeatable Squirrel Girl" for Marvel Comics, who you might know from their movies about an iron man. He also once reviewed the novelization of Back to the Future, page-by-page, which was crazy. I think you can buy that book on this site too. It's called "B to the F". Maybe check it out!! He lives in Toronto, Canada with his wife Jenn and his dog Noam Chompsky!
