Mike Carey : The Unwritten Vol. 2: Inside Man before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Unwritten Vol. 2: Inside Man:

0 of 0 people found the following review helpful. Through me the way to the city of woe. By James B. If you've been reading this series (and the reviews for it) for the past seven volumes, there's little left to say about the Unwritten.

Mike Carey's series offers a very inside look at how stories work, loaded with wit and wonder. After the events of the last volume, Tom is prepping for a journey back into story, this time into myths having to do with the undead. That's right, it's off to the underworld for our hero, and what happens will surprise you. Meanwhile, Ritchy and Didge deal with a zombie apocalypse in Australia. No, really. While much of this volume involves subjects the Unwritten has gone through before, it's the execution that makes this volume so entertaining. This does take place in the land of the dead after all, and this series has racked up quite the body count. Read on, my fellow comic fans. 0 of 0 people found the following review helpful. Prisoners of Azkaban (er, France) By James B. The Unwritten Volume 2 does NOT collect issues 1-5, but rather issues 6-12. While these volumes do have some flaws, the whole story of the Unwritten remains as good as it ever was. First, the bad. The two arcs in this volume take place in France and Germany, and there is a fair amount of untranslated French and German in the panels. It's not enough that you won't still be able to follow the story, but it can be annoying not understanding what people are saying. And, despite the events of the last volume, Tom still remains in denial for a good part of the book about what is happening to him. He definitely gets better by the end though. Now, the good. The mixing of horror, comedy, and action is all top-notch. The intercuts of the Tommy Taylor series and online news article never cease to impress, and the book delivers one excellent new character who you can't help but relate to. Mike Carey is clearly an extremely talented writer. Oh, and issue 12 is simply fantastic. I don't want to give spoilers, but it's a one-off issue that you will not be able to stop reading. 0 of 0 people found the following review helpful. and that's something that great writers like Peter Carey can make us look forward to... By Finite_Mike Unwritten is not simply inventive, it is tremendous work in constant reinvention. It is not breaking entirely new ground, but that only serves to reinforce the larger narrative arc about the centrality of stories to human development and culture. Everything that is old will be new again, and that's something that great writers like Peter Carey can make us look forward to. Terrific stuff, and loads of fun besides.

Tom arrives at Donostia prison in Southern France and falls into the orbit of another story: The Song of Roland. Unfortunately for Tom, it's a story that ends with a massacre. Tom discovers the true meaning of 'out of the frying pan' after his escape from Donostia jail takes him to Stuttgart in 1940, a ghost city inhabited by the master liar of the Third Reich, Josef Goebbels, and a tortured soul who's crying out for rescue-or death. This New York Times best-selling Vertigo series by Mike Carey (LUCIFER) and Peter Gross (LUCIFER) collects THE UNWRITTEN #6-12.
