AwesomeBy RyanThe other reviewer apparently didn't know what they were buying, but I did.This is a really awesome peek into the comic book creation process. It would be awesome if Kirkman follows up with a similar version for Days Gone Bye, Fear The Hunters, No Way Out, and the Prison Finale arc.It's simply Adlard's pencils, before inking. The lettering is added so you can read the story in one edition. Due to when AOW takes place, it's split in half in the main book's hardcovers. Still, it's really cool seeing the linework

on this arc. The hardcover is just as sturdy as the standard Walking Dead books, but this volume's not considered part of those volumes. This book is more suited to connoisseurs of comic art than average fans. 0 of 0 people found the following review helpful. Exactly what it says By Milko This book is exactly as it's advertised. The complete all out war without the ink. Would only recommend for collectors like myself. 0 of 0 people found the following review helpful. The Walking Dead is the number one greatest comic series I have ever read!

This special artist's edition collects the monumental "All Out War" story arc all in one volume as seen through artist Charlie Adlard's raw pencils. Collects The Walking Dead #115-126.
