I had watched a few seasons of the show on AMC and decided to pick the books up. These are great 12 book compendiums. I pulled through each book quickly to catch up on the series and have now moved to reading these on my iPad when each issue is released. The

stories are quite well written and the art is fantastic. Don't expect the same story line of the show and be willing to put aside reality a bit more as well. 0 of 0 people found the following review helpful. The Walking Dead By TrueTimmy
The Walking Dead - ! ! :)). ! !-----Series The Walking Dead - it's just something! In contrast to the comic series is much more interesting and more hooked! After reading the first volume you want to just read all the other volumes without interrupting :)). Personally, I liked the comic book and I look I will wait for the next release! I advise everyone to reading! Best Regard!

So when the series took a recent mid season break i decided to get into where it all began the comics. I havent tried the other formats of which the comics are released but these are just great ive ordered up to book four so far and they always arrive in perfect condition. I enjoy the extra artwork that was put into these and the smoothness of the pages. You'll also find that these are way cheaper to buy online rather than stores like . The books are far more graphic than the show and i just love it.

The hardcover features another 12 issues of the hit series along with the covers for the issues all in one oversized hardcover volume. Perfect for long-time fans, new readers, and anyone interested in reading a zombie movie on paper that never ends.
