This hardcover collection is my favorite way to read and collect the series. It saves so much room versus buying single issues or the trade paperbacks. The beautiful hardcover protects the stores and ensures they will last for a while. Each volume contains 12 comics as

well as some rare artwork and commentary from Robert Kirkman and Charlie Adlard. I love how these look on my shelf and I would recommend them to ANY Walking Dead fan, whether you are brand new to the comics, or already own single issues or trade paperbacks.....these are THE way to collect, read, and enjoy them!!3 of 3 people found the following review helpful. Screw the TV showBy Chris H.Not since "Preacher" and "Y: The Last Man" have I seen such a great story. I have been reading this comic series since about 05 when an ex-roommate bought the first few HC Books at GenCon and have anticipated every Book since picking it up. The artwork is a solid staple for the feel of the story and I truly feel that if any other style were used it would take away from the experience. The plots are amazing and realistic in action and reaction of its characters, but not overly predictable (which I find more often than not in most entertainment media). Death, carnage and dismemberment is a common occurrence, but not without its fallout and consequence. The books are also well made and have a very satisfying heft to them being printed on high gloss paper, which shows me the love that was put into it. No corners cut on this phenomenal piece of Art.0 of 0 people found the following review helpful. The Walking DeadBy Simon The Walking Dead - ! ! :)). ! !-----Series The Walking Dead - it's just something! In contrast to the comic series is much more interesting and more hooked! After reading the first volume you want to just read all the other volumes without interrupting :)). Personally, I liked the comic book and I look I will wait for the next release! I advise everyone to reading!Best Regard!

In this volume of the New York Times Bestselling survival horror, Rick and his band of survivors work to build a larger network of thriving communities. But Negan and his Savivors prove to be a larger threat than they could have imagined. Crossing them will lead to The Walking Dead's most harrowing story since the Governor's reign of terror!
