**Robert Kirkman : The Walking Dead Omnibus Volume 6 (Walking Dead Omnibus Hc)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Walking Dead Omnibus Volume 6 (Walking Dead Omnibus Hc):

The artwork is phenomenal, and the inclusion of additional covers, sketches, and other drawings at the end is a welcomed finish. It is a big heavy book, so definitely designed as a collector's item.

Highly recommended. Update: anyone know if #7 is coming out? These have been perfectly timed in the past to come out around the holidays and this year, nothin. Update: I contacted a distributor and they said while they don't have an official release date for Omnibus 7, they estimated sometime in July/August 2017. 0 of 0 people found the following review helpful. AMAZING! By TheMadTitan I can't get enough of The Walking Dead! I have yet to watch the show, but the books are so unbelievably good, I do not even want to start the show! This book is incredible and leaves you wanting more. I cannot wait for Volume 7!! Comic collectors should know that isn't the best when it comes to shipping collected editions. Though each of my books I have ordered have come with little to no protection inside the box, I have yet to have an issue. Order with caution, and only order if the price is better than Instocktrades.com or you need that fast Prime shipping! 0 of 0 people found the following review helpful. Beautiful Edition!
