Robert Kirkman : The Walking Dead, Vol. 2: Miles Behind Us before purchasing it in order to gage whether or not it would be worth my time, and all praised The Walking Dead, Vol. 2: Miles Behind Us:

1 of 1 people found the following review helpful. Ultimately, this book is not about zombies By Matt Anderson As I was reading the excellent Volume 2 of "The Walking Dead," I realized that this book is not about zombies. Sure, zombies show up, but the story is about something deeper. It's about ordinary people, and relationships, and what

desires truly lie in the heart of humankind. Story-wise, I thought that the most interesting question brought up was, "What is going on with the zombies?" The father at the farm thought that there was a chance that the zombies might one day suddenly become cured by themselves. I loved the idea that somebody was speaking up and saying that the zombies shouldn't be killed because they are real people and the source of the problem was still unknown. This is a departure from most zombie stories in which the goal is to kill the zombies to ensure your own survival. 0 of 0 people found the following review helpful. This volume picks up after the events of Volume 1 ...By Bradley Helton This volume picks up after the events of Volume 1: Days Gone Bye. After the death of Shane, Rick Grimes and the rest of the survivors leave Atlanta and travel across many miles of hostile territory seeking a safer home. The group picks up new members and loses old ones as they attempt to survive the brutal winter. The group eventually finds shelter at a small farm, though it is discovered that Hershel Greene, the owner of the farm, and his family are keeping a dark secret. 0 of 0 people found the following review helpful. The Walking Dead, Vol. 2: Miles Behind Us ...By Kindle Customer It's a gift for a nephew. He loves the tv show, so I got him the first one last year. Now he's getting this one.

The world we knew is gone. The world of commerce and frivolous necessity has been replaced by a world of survival and responsibility. An epidemic of apocalyptic proportions has swept the globe, causing the dead to rise and feed on the living. In a matter of months society has crumbled: no government, no grocery stores, no mail delivery, no cable TV. In a world ruled by the dead, the survivors are forced to finally start living.
