The art is BEAUTIFUL, the characters are captivatingBy J LeibrandtI literally could not put this down. Just wow. The amount

of research and care that must have gone into this series really shines through. The art is BEAUTIFUL, the characters are captivating, and the story is fast-paced and exciting. I wish I could forget it just so I could read it again with no spoilers. 0 of 0 people found the following review helpful. Excellent Storytelling By Chris Plummer Every time I walked into our FLGS, the cover of *The Wicked + The Divine* caught my eye. I vaguely knew what it was about, I knew the art was incredible, but I always reasoned that I'm not into comics, so why bother. When I hear people reading comics, I always jump straight to DC or Marvel, and I just never had any interest in superheros. I knew this wasn't a superhero type of story, (though I guess you could make the argument that it is, since they are gods,) so eventually curiosity got the better of me and picked up Volume 1. I am so glad I did. It's amazing. The writing is incredible the artwork is fantastic. Like any good book, it gripped me right from the start. I was really impressed at how much the story developed over 6 issues. I didn't feel like I was missing information, which I have experienced in the few comics I've read. So for someone that isn't into comics but kind of wants to be, this has been a great stepping stone. Though, I'm already feeling a bit of the frustration of knowing I only have one more volume + 1 issue until I've caught up and have to wait for more.

solid storytelling and clean, gorgeous artwork will keep readers engrossed and eager for more. - Publishers Weekly (Starred) "Gillen's penchant for fast, sharp dialogue and McKelvie and Wilson's razor-lined, intensely colored visuals keep things popping up to the cliffhanger ending." - Booklist the story is beautifully drawn and populated with characters of color, diverse gender, and sexual identities, and you have my full undivided attention. -- Kirkus Every ninety years, twelve gods incarnate as humans. They are loved. They are hated. In two years, they are dead. The team behind critically thermonuclear floor-fillers *Young Avengers* and *Phonogram* reunite to start a new, ongoing, superhero fantasy with a beautiful, oversized issue. Welcome to *The Wicked + The Divine*, where gods are the ultimate pop stars and pop stars are the ultimate gods. But remember: just because you're immortal, doesn't mean you're going to live forever.
