**James Tynion IV : The Woods Vol. 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Woods Vol. 2:

Interesting premise, poor story executionBy mr loser82I enjoyed Volume 1 and bought Vol 2 and 3, neither delivered on the promising storylines started in Vol 1. Art fine, the issues are with plot, pacing and story telling decisions. Tynion's actual character dialogue communicates it better than me "it didn't matter that the plot didn't add up. It didn't matter than the story was totally out of sync. It just mattered that it felt

good to you". Those things matter.0 of 0 people found the following review helpful. Boy, this is a new slant on abductions.By Wendy A. EmlingerSecond book in the series and not the last. Snatch up a high school, drop it on an alien world with dangerous creatures and watch the ensuing chaos. Who will live? Who will die? And will they ever return to Earth? Only time and the storyteller know for sure. Can't wait to find out! :)0 of 0 people found the following review helpful. I can't wait to see what happens next!By Clive (Max) MaxfieldI love this series -- I've already bought all the ones that are available and I cannot wait for the next one.

An entire high school has been transported to an alien world and must now survive together or die individually.On October 16, 2013, 437 students, 52 teachers, and 24 additional staff from Bay Point Preparatory High School in suburban Milwaukee, WI vanished without a trace. Countless light years away, far outside the bounds of the charted universe, 513 people find themselves in the middle of an ancient, primordial wilderness. Where are they? Why are they there? The answers will prove stranger than anyone could possibly imagine. Catch a glimpse of Bay Point Preparatory High School before the fateful events of October 16, 2013 in this new story arc. On opening night of the schools rendition of A Midsummer Nights Dream, the lives of the students and faculty crossed paths in an almost premonitory way, seeding the various horrors to come. Collects The Woods #5-8.

About the AuthorJames Tynion IV got his start in the pages of Scott Snyder and Greg Capullo's acclaimed run on Batman at DC Comics in early 2012, where he co-wrote the backup stories for the best-selling Court of Owls and Death of the Family storylines. He has since written stories for Detective Comics, as well as writing the ongoing series Talon, and Red Hood and the Outlaws. He lives and writes in New York City, and is consistently amazed that people are actually letting him work on comic books professionally. He alternates between taking in the most grisly horror media he can get his hands on, and trying not to get choked up while listening to musical theater soundtracks. You can find him on Twitter @JamesTheFourth, or on his Tumblr. Michael Dialynas is an Athens, Greece based artist who has illustrated the worlds of AMALA'S BLADE, SPERA, SUPERIOR SPIDER-MAN and currently THE WOODS for Boom! Studios.
