Great for fans of literature, history, pop culture humorBy somethingsnarkyAs the other reviewer mentions, this might not be the perfect calendar for folks who are really rigorous about actually using all the calendar squares to mark appointments, etc., but it's great for anyone who wants to brighten up their cube with something funny, smart, and offbeat. A strip or strips from Kate Beaton's excellent Hark, A Vagrant! webcomic are featured for each month; interesting dates in literary history are marked in black on the actual calendar, with important modern-day dates marked in white.The results are funny, sharp, and droll -- plus you can use this calendar like a barometer to get a feeling for your coworkers' senses of humor.1 of 1 people found the following review helpful. Excellent!By JMNTThese graphics are excellently adorable and look classic in black and white. They are for the literarily inclined. The price is a bit high, though, especially since it's more than a month past January.1 of 1 people found the following review helpful. WittyBy Ana P.I've been a fan of Kate Beaton's comics, and as a literatyre lover, I find this calendar as a great way to enjoy her comics!

ONE OF TWO KATE BEATON WALL CALENDARS FOR 2013Hark! A Vagrant spent five months on the New York Times Bestselling Graphic Novels list and landed on Best of 2011 lists across the continent including Time

Magazine, cementing Kate Beaton as one of the leading cartoonists of our time. This 2013 wall calendar features her indelibly funny and modern take on Robinson Crusoe's fashion sense, who did who wrong in Mr. Rochester's first marriage, plus new material from Beaton's wildly popular website, harkavagrant.com. This calendar will not only brighten walls, but brighten people's day with a hearty laugh.
