**Matt Hawkins : Think Tank Volume 4** before purchasing it in order to gage whether or not it would be worth my time, and all praised Think Tank Volume 4:

0 of 0 people found the following review helpful. Great series!By RJ MacThis is a fantastic series with a completely different twist on most hero style books. Something that's believable and could be happening right now in our world0 of 0 people found the following review helpful. David falls into a depressed state and hostilities between Russia and China break outBy PaulAllardOur genius-hero continues his work in developing weapons and suffers depression from

killing people. He also suffers from romantic problems. Volume 5 continues his story. The fourth of several volumes, this now-in-colour series is written intelligently and well-illustrated. It is engaging and leaves the reader hungry for more. Recommended for lovers of intelligent story-lines.

**CREATIVE DESTRUCTION VOLUME 1.** An unknown enemy savages the technological infrastructure of the U.S. Panic and conspiracy theories spread as David Loren and his misfit science team continue work on the TALOS project trying to make Iron Man suits a reality in California.
