Walter Simonson : Thor by Walter Simonson Volume 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Thor by Walter Simonson Volume 2:

0 of 0 people found the following review helpful. Five StarsBy Customeramazing/awesome/sensational/spectacular0 of 0 people found the following review helpful. Simonson tells fabulous Thor talesBy Richard RogersGreat stories and art by Walt Simonson! First time I saw the name Walt Simonson, I believe he lettered a Howard Chaykin Iron Wolf

story in some DC anthology comic book (Weird Tales?). Then he Archie Goodwin produced Manhunter in Detective Comics - and he's continued to impress me year after year since. I won't go so far as to say Simonson's Thor surpassed Kirby's, but it sure equalled it. 0 of 0 people found the following review helpful. Highly recommended reading! By Bobby Nash Powerful storytelling! Walt Simonson's run on The Mighty Thor is one of the greatest runs in the book's history. If you're a long time Thor fan or have only come to know Thor through the recent movies, this collection is recommended for you as a lot of the movie comes from things in this run. All 5 volumes are great reads and the new coloring only adds to the beauty of Simonson's art and storytelling. Don't miss it! Highly recommended reading!

Few people have ever left their mark on one character quite the way Walter Simonson has. His work on the Mighty Thor swept the Norse God of Thunder to heights never before seen and rarely achieved in his wake. Spanning epic tales of heroism and treachery, love and war, Simonson's work is often considered the definitive Thor. From the majesty and mystery of fabled Asgard to the gritty streets of New York City, Thor was never the same. That is the mark of a true visionary. This second volume continues the collection of Simonson's epic run. COLLECTING: Thor 346-355
