Roger Langridge : Thor: The Mighty Avenger: The Complete Collection before purchasing it in order to gage whether or not it would be worth my time, and all praised Thor: The Mighty Avenger: The Complete Collection:

21 of 21 people found the following review helpful. The best feel good Thor comics!By Austin MurphyI'm so glad I purchased this. I've been waiting for a complete collection of this for about a year and a half now and I pre-ordered this 3 months ago with my Prime trial to get release-day delivery. In the end, the wait was definitely worth it.First off what really makes this collection shine is the relationship between Thor and Jane Foster. The dynamic between these

two has never been written better. I actually found it romantic, sweet and I don't want to use this word but honestly I found them adorable. I can't help but smile at the two of them. That's just one part, the action as well is fun and exciting. Thor is shown as strong, powerful and capable of holding his ground, but he isn't perfect. He's eager to fight, head-strong and can make mistakes. This Thor has a few weaknesses, but it makes it a lot more satisfying when he overcomes the odds that are stacked against him. The guest-stars in each story are all unique and bring something different to the table for Thor. You get Mr. Hyde, Giant-Man, Warriors-Three, Captain Britain, Namor, Hiemdall/Fing-Fang-Foom, Iron-Man and Captain America. The only disappointing thing is that in the character designs, you could see Langridge had a Hulk story in the works, but the series was unfortunately cancelled and we never got to see that. Facial-expressions and artwork are fantastic. Many are creative and over the top and you can really see what the character is feeling at that exact moment. Has a very old-school feel to it and the book is meant for all ages, so it was intended. This book put me in a good-mood and I actually plan to go back to it, if I just want to put a smile on my face. I read this after finishing the first 5 issues of Thor: God of Thunder. Those issues are dark and incredible, but this was a great break from the dark colors, seriousness and death. I don't know how much a non-Thor fan would appreciate this. I also don't know if this book is mature enough for some readers. I'm 18 and I thought this was fun and is a great re-imagining of Thor. I only wish the series would of continued. This is also a perfect way to introduce a younger reader into the world of Thor. It is simple and isn't complex like Gillen's Journey into Mystery series, which is. also incredible. Fun-issues, with touching feel good moments, packed with action and guest-stars! It's not Simonson or Stan Lee Jack Kirby, but it's still 5/5 stuff and a great addition to my Thor collection. 0 of 0 people found the following review helpful. Thor the Swashbuckler! By Filip I ordered this book by accident and before I recieved the TBP, I decided to keep it because it was a Complete Collection by Roger Langridge. the other reviews do a much better job than a I can. But here is a little description anyway. Most Mighty Thor story lines are more on the dark and seriois side, glad I ordered by mistske it was completely the opposite, a very good swashbuckling bunch of stories, must have been his day off. Very humorous and lighted hearted stories minor spoiler. My favorite story is one when him and his buddies are in a bar and get good and drunk and create all kinds of havoc all in good fun nobody gets hurt . This TBP does not have the typical God of Thunder action, just plain good time stories and all are well, written, fantastic artwork and style of graphics, for time this was published I highly recommend this TBP, you get to see a side of Thor that you proably haven't seen, a more human side. It is well worth the \$\$\$ and will not disappoint. This is only my 4th Thor TBP. So I am not an expert but enjoy this character in his own books and when team up with other Soper Hero's. 6 of 6 people found the following review helpful. Utterly Fantastic By MQuitney Are you a lifelong fan of the character? This book is everything you love about him, his supporting cast, and his world. Have you never read a Thor comic? This book is everything you are going to love about him, his supporting cast, and his world. The writing will make you smile and the art is absolutely gorgeous. This is one of those books that comes along once in a very long while, and it is finally collected all between two covers. Pick it up, you will not be disappointed.

Roger Langridge (Muppet Show, Eisner and Harvey Award nominee) and Chris Samnee (Siege: Embedded) re-imagine the God of Thunder! Thrill as Thor battles robots the size of cities! Gasp as he tames the mightiest sea creatures! Swoon as he rescues damsels from the vilest villains! It's Thor as you've never seen him, as the god of thunder tests his might against the Sub-Mariner, learns why he was banished from Asgard, battles Fin Fang Foom, takes on raging robots, and fights side-by-side with Iron Man for the very first time! Plus: when mischevious Loki's machinations throw Thor and a World War II-era Captain America into King Arthur's court, it's a time-twisting tale of Camelot craziness that neither Avenger will ever forget! COLLECTING: Thor the Mighty Avenger 1-8, Free Comic Book Day 2011
