Bohra Naono : Three Wolves Mountain (Yaoi Manga) before purchasing it in order to gage whether or not it would be worth my time, and all praised Three Wolves Mountain (Yaoi Manga):

0 of 0 people found the following review helpful. amazing single-volume piece! absolutely love it! By ianI seriously love this volume! While it does have a few flaws (such as in the way it rather hurriedly handles child abuse) it is overall an excellent read, managing to be both funny and serious (but mostly funny). While it does have quite a lot of sex (almost every chapter?) it also has serious discussions about consent and relationships, which puts it far and above most single volume yaoi manga, and way in the lead of any anthology. And to be clear, this is not an anthology, so the entire volume is dedicated to developing one story and set of characters. Reading this, you don't feel like the manga-ka

is just trying to get her characters into best as fast as possible, but actually telling a story with ghosts, demonic possessions, and some very interesting werewolf lore. 3 of 3 people found the following review helpful. Most pleased with this one. By Niki Having read both digital and print releases from SuBLIme, I have to say I am very pleased. More so when it is so hard to survive in the license Yaoi industry. Remember Blu, bebeautiful, kitimedia, aurora etc. Three Wolves I believe is SuBLIme first print release. It may be pricey compared to others with discount on but I am willing to pay to support this Yaoi publisher. It is also this unique mangaka's second licensed release in English and for that alone it is a must buy for me. I love shapeshifter Yaoi. There is something just very sexy about a werewolf/weredog having sex with a human when expressed in art form. The pointed ears, the long, swishing and bushy tail, the pointed nails.. Oh yes definitely erotic and these are of course in this Yaoi. For once we also have what I called real werewolves too. Taro and their mother with wolves heads on humans bodies really add more credibility to the tale. Great supernatural plots here too, with a young man who guards a cemetery at night but a proper eatery owner by day, vengeful ghosts, possession and a little werewolf healing/banishing magic. And what is there not to love of a uke who turned seme. lol. 0 of 0 people found the following review helpful. One of my favorite stories. Have read it so many time throughout ... By Michelle Arthur One of my favorite stories. Have read it so many time throughout the years. Even if you're read the fan translated version of this book, you'll love the official version even more with all the little extras. The translation is very good as well.

A tail of supernatural romance! Reads R to L (Japanese Style) for mature audiences. Way up in the mountains, far from any major cities or towns, Kaya Susugi runs a small cafe by day and guards a haunted cemetery by night. Then, one night, he comes across werewolf brothers Taro and Jiro. Cheerful but klutzy younger brother Jiro quickly falls head over heels for the capable loner Kaya. What results is a dive into the hot, tail-twitching delight of werewolf mating season!

About the Author Bohra Naono has created over 20 manga, some of which have been adapted into drama CDs. She has also published doujinshi (independent comics) under the pen name of NAIFU. Three Wolves Mountain is Bohra Naono's second English-language release, with her first being Yokai's Hunger. A native of Oita, she is a Gemini with an A blood type who loves Chinese tea and is obsessed with the neighborhood yakiniku restaurant.
