Dan Abnett does a masterful job with the adult Titans and their friendship and love over the years.0 of 0 people found the following review helpful. why wouldn't they draw them as puppet like? ReyesTitans Vol. 1 -- it's ok, what bug me is the antagonist, really... oh yeah no Spoilersand one thing is the so called Puppet Titans which was awkward, why wouldn't they draw them as puppet like? Even the villain keeps referring them as puppets man, that drove me nuts LOLArt is superb and cell placement is good but the story plot twist is just OK for me.0 of 0 people found the following review helpful. Highly recommendedBy Russell K.Great, great comic. A perfect place to start reading DC Rebirth, and an amazing story. I immediately fell in love with all the characters and their interactions, even though Nightwing was the only one I was familiar with.

Spinning directly out of the events of the smash-hit DC UNIVERSE: REBIRTH #1, witness the rebirth of the greatest team of young heroes in history in TITANS VOL. 1: THE RETURN OF WALLY WEST! The members of the super-team known as the Teen Titans were heroes but, more than that, the best of friends. A special bond held them together through even the toughest situations. Then their connection became a memory. And that memory faded, stolen from time. Only one person remembers. His name is Wally West. Once upon a time, he was Kid Flash, but now he is a refugee from a lost universe and it's up to him to reawaken his former friends and re-forge their bond. Nightwing. Donna Troy. Beast Boy. Arsenal. Lilith. They must come together and defeat the enemy who destroyed their memories or be destroyed themselves. Spinning directly out of the events of the smash-hit story DC UNIVERSE: REBIRTH #1, history's greatest team of young heroes is resurrected in TITANS VOL. 1: THE RETURN OF WALLY WEST! This great jumping-on point for comics fans of all generations, written by Dan Abnett with art by Brett Booth and Norm Rapmund, collects TITANS #1-6 and TITANS: REBIRTH #1!

After graduating from Oxford, he worked for a while as an editor of comics and children's books before turning to writing full time. In the dozen or so years since then, he has written for such a diverse range of characters--including Scooby-Doo, Thunderbirds, Conan the Barbarian, The X-Men, Johnny Bravo, Batman, Rupert the Bear, Doctor Who, Mr. Men, The Terminator and Postman Pat--that he is now clinically bewildered. He created the popular series SINISTER DEXTER, which he continues to write, along with other strips, for 2000 AD, and has helped rejuvenate RESURRECTION MAN for DC Comics.
