series of the year! Has all the action, comedy, drama and emotion you could want in a story. The artwork tells the story in such a way, it's hard to put down. A MUST BUY! 0 of 0 people found the following review helpful. Good stuff By Daniel Christopher Treidene A bit shorter than I typically want but is a grand cyberpunk story. Following the destruction of the Garden Nation of Japan, Constable Led Dent returns to his brutal beat, having succumbed to his inner demons. But as he stalks the streets of the Isles of Los Angeles, enforcing the corporate new world order, he's haunted by a ghost from Tokyo. Critically acclaimed creators RICK REMENDER SEAN MURPHY wrap their tale of tech addiction, unintended consequences, and love in a world populated by the disenfranchised and isolated.
