**Dan Jurgens, David Wohl, James Bonny : Tomb Raider Compendium Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tomb Raider Compendium Edition:

0 of 0 people found the following review helpful. Not very good condition.By B91I was expecting the condition to not be very good since it was paper back. They really should consider reprinting the hardback because it seems a lot more people want that. It's a very good story though. I loved this series when I was little but never finished it0 of 0 people found the following review helpful. I am a huge fanBy Richard Flores IVI absolutely love just about all things Tomb

Raider. So I had to get the collection of comic books. I read them all as quickly as I could and they were all a joy to read. I find myself going back a rereading them many times over the time I have owned this collection. Why won't they make more? 0 of 0 people found the following review helpful. Tomb Raider FanBy paulusmcGlad you had this in stock really big fan of Tomb Raider and other adventures that will have enjoying the adventures

There's nothing like going back to the beginning and reading it all over again. For the first time ever, get Tomb Raider issues #1-50 in one giant soft cover! See the video game come to life as some of the industries biggest names bring the adventures of Lara Croft to comics!
