Tomb Raider Volume 2 ReviewBy AmandaI've bought all the pre Rise of the Tomb Raider volumes and I'm buying all the post Rise of the Tomb Raider volumes. So far the post Rise volumes don't have much reference to Rise. You might see a small image of something from Trinity but the rest so far you could have gotten from playing the first Tomb Raider game. This particular volume was centered around Sam

being possessed by Himiko again. Suddenly, Himiko has a sort of mirror to trap her priestess's souls in and basically the entire volume of comics is about getting that mirror but with a tiny bit of Rise reference by saying it's connected to Trinity in some way. So, yeah if you're interested in reading about that go for it. I'm not entirely disappointed but I would have liked to see more Rise references since these comics take place after Rise and is supposed to tie into the game. 1 of 1 people found the following review helpful. Great games but not so great comics By Sivert Ritchie The plot is too weak too predictable, not worth reading they make Lara more and more of a whiny character. The last several comics have been nothing more than fetch quest story's and honest it does not do Lara Croft justice and I've been hoping the reboot comics would start catching that original spirit of adventure and actual "tomb raiding" but it doesn't it's another help me save my friend storyline the last 2 writers and this one seems to not get how Lara should be portrayed. I'll be honest the older tomb raider comics from the late 90s are better than this even that short mini series Lara Croft and the temple of Osiris comic was better than this. In conclusion not worth reading and I probably won't read anymore of the reboot timeline comics unless they hire a more seasoned veteran of the comic book community maybe even the ones from the 90s would be great like Andy Park sad to say this book was a disappointment. 0 of 0 people found the following review helpful. Five Stars By william j. brown Good stories.

Following the events of Rise of the Tomb Raider, Lara Croft's life hasn't gotten any easier! When Lara gets word that Sam Nishimura has escaped from a mental hospital, she drops everything to help her friend. But after an encounter with the Order of Trinity, she realizes that things are more complicated than she thought. Haunted by her memories of Yamati, Lara is determined to rescue her friend. But the specter of Himiko the Sun Queen looms large in Sam's life, and threatens to consume her completely! Collecting the entire second arc of the Tomb Raider comic series, issues #7-#12! Written by Eisner Award-winning author Mariko Tamaki

About the Author Mariko Tamaki is a Canadian artist and writer. Best known for her 2008 graphic novel *Skim*, she has also published several works of both traditional written fiction and non-fiction. She was born in Toronto, Ontario and studied English literature at McGill University, graduating in 1994. *Skim* won an Ignatz Award, a Joe Shuster Award and a Doug Wright Award in 2009, and was a nominee for the Children's literature category at the 2008 Governor General's Awards. Tamaki was also awarded an Honour of Distinction by the Dayne Ogilvie Prize, a literary award for lesbian, gay, bisexual or transgender writers in Canada, in 2012.
