Rhianna Pratchett : Tomb Raider Volume 3: Queen of Serpents before purchasing it in order to gage whether or not it would be worth my time, and all praised Tomb Raider Volume 3: Queen of Serpents:

0 of 0 people found the following review helpful. Another Croft Rescue Mission By Christian Romero I would started this review saying it wasnt all bad it was better than the other two volumes. It also has book spoilers so you have been warned. This arc succeeds in the new grounded Lara as this volume as opposed to the other volumes and games (rise of the tomb raider and tomb raider 2013) doesnt involve Lara defeating an entire army. But boy does it have some bad

writing Lara finds out that Grim is alive and is kidnap by a bandit group in Mexico called the snakes who walk, lead by the serpent queen. Lara believes it despite Grim dying no where near Mexico but there was no body so Lara sets off. Lara and the gang go to Mexico post as monster documentary crew looking for the mythical chupacabra which was clever I will give them that. During this time Sam Laras best friend is acting weird it is revealed that Himiko the Sun Queen that tried to comeback by possessing Sams body twice. This seeming important development is ignored and written off as Sam just ends up going to Jail and hates Lara disavowing her. Lara just goes okey dokey and goes off like nothing happened plans her next adventure which was the story of Rise. The comic has the same writer and it's never mentioned in rise. It explains why Sam wasnt in Rise but it is rather pointless seeing how a big reveal is written off. Grim is still dead but it was his Twin Brother which is just a boring accountant which was pretty cheap. The villain the serpent queen reveals she knew Laras father Richard and was smitten with him. Her motives are awful she wanted Lara to give her money simple? Wrong because she knew Lara didnt have the inheritance her uncle does and was living a common life in London and not in the manor. So what was the end game? Hell if I know as Lara ends up escaping with Grims brother Sam kills one the guards with a machete due to that pointless possession sub plot. Lara and the gang escape back home and the Serpent Queen just leaves them alone from now on after sending men to spy on them and sending a ransom threaten to kill Grim. Why does the Serpent Queen have a change of heart? After Laras escape ended up with one of her men dead and no gains just loss. Just cause the plot says so. Then it ends with a set up to Rise of the Tomb Raider a great game but this comic is not. Its mediocre at best and its the best arc in the series it shows how bad the series is I can sum up all three volumes like this, Volume 1 Lara has to save Sam in the island again, Volume 2 Lara has to save Kaz Alexs sister in chernobyl Volume 3 Lara has to save Grims Twin brother in the Yucatan. On top of that the art is just bad. Heres what the comic does right the psychlogy of Lara shes messed up and paranoid which is great after all the things that has happened to her really push the realistic grounded Lara they been trying to portray since the 2013 reboot. However the good in this graphic novel and the series in general is buried in mediocrity. Better off just playing the games. 1 of 1 people found the following review helpful. An interesting tale. By Tartarus. The third volume of the Tomb Raider comics set between the two latest games is, in my opinion, the best out of the three volumes. In this story arc Lara and her friends receive a video that seems to show someone they thought dead is still alive and kidnapped by a criminal group (but things are not quite as they seem though). This story is set shortly before Rise of the Tomb Raider and ties in fairly well with it. You learn the reason why Sam is absent by then and you see the beginnings of Lara's true investigations into her father's old research which becomes very plot important in the game. The antagonists in this volume are the best so far out of the three volumes. They make more sense than the antagonists of Volume 1 and their motivations are more clear than the antagonists of Volume 2. It is also interesting to see the new things Lara learns about her father in this volume. A pretty interesting read. 0 of 0 people found the following review helpful. Five Stars. By J Licuanan. top notch for graphics texture. for any tomb raider collectors!!!!

The writer of the Tomb Raider 2013 video game--Rhianna Pratchett--continues Lara Croft's story where the smash hit Tomb Raider game left off in this collection of the Tomb Raider comic's third arc, spanning issues #13-#18! Lara must save the life of a friend she thought to be dead as a dangerous organization threatens to kill this person for good! But Lara will not be alone as Sam, Jonah, and Kaz join her on this rescue mission! Danger lurks behind every shadow--can they make it in time to save a life they thought was lost?!
