I was having a hard time find all of Doug's older books until I looked on .com and there they all were. This a great story for both adults or kids. But then Doug has written very few books that would be for adult or older teens. All of his stories have a feel good story with a lesson

hid in the story. The graphic novel was in new condition and reasonably priced...I would use this vendor again without hesitation. 0 of 0 people found the following review helpful. If you like...By The Irish...dinosaurs, pets, or good, wholesome fun, this a great graphic novel to read. If you've ever owned a pet, particularly as a child, then this graphic novel will undoubtedly speak to you. I would say that, out of all of Doug's books, this one's title captures its "flavor" the best. So if you're not sure if you would like it, just think about how you feel about the title: if the idea of "Tommysaurus Rex" sounds good to you, then you'll definitely love this graphic novel. 1 of 1 people found the following review helpful. Fantastic Read, Fantastic Purchase By Alex Barker A Story that is 'The Iron Giant' meets 'Old Yeller' with Dinosaurs?!?!? How much more awesome can a graphic novel get? An excellent read that will give you a dinosaur of an appetite as you finish each page. The worst part of this book is when the pages become extinct....er...I mean...when you have reached the last page. I have already read it multiple times with roars of approval. Go Tommysaurus!!!!

A tale about a boy and his T Rex! Ely is an everyboy trying to cope with the death of his dog Tommy. When he finds a live, 40-foot Tyrannosaurus Rex trapped in a cave behind his grandfather's house, Ely embarks on an adventure to tame this seemingly friendly giant, convince the town his new pet isn't a threat, and keep his dinosaur safe from the jealous town bully. With Tommysaurus Rex at his side, Ely discovers what it takes to be a man... and what it costs.
