**Brian Michael Bendis, Marc Andreyko : Torso** before purchasing it in order to gage whether or not it would be worth my time, and all praised Torso:

0 of 0 people found the following review helpful. Taut, creepy and morbidly compellingBy Notty BoyIf you liked movies like Se7en, Zodiac, Manhunter, and Memories of Murder, you'll like this. This is probably the graphic novel

I've enjoyed most other than the adaptation of Do Androids Dream of Electric Sheep.0 of 0 people found the following review helpful. Wonderful Read!By FabModThis is a beautiful and fun book, while also being a gritty and realistic noir story. The graphic panels are used very innovatingly to tell the story and set the tone of the scenes. I loved how much the city of Cleveland was incorporated into the story and used effectively to explain the nuances of the case. I wish they would take on more true crime stories.1 of 1 people found the following review helpful. Love this bookBy jonathanLove this book! Growing up in Cleveland this case always fascinated me, and this is a great interpretation of the case! I honestly have no idea how more people don't know about these murders. It's not 100% factual, but it's great and I love the Garfield 1-23-23 reference also! (Those from Northeast Ohio will know what I'm talking about...lol)

The gripping tale of Eliot Ness' chase of America's first serial killer: the mysterious torso killer! This 1999 Eisner Award-winner for Comic Book Excellence is completely reformatted, and perfect for both new readers and old! "A four-star must read!" - Comic Shop News "Literally some of the best comics i've read indecades." - Todd McFarlane  
COLLECTING: TORSO #1-5
