Simon Furman's run at the end of Transformers is the highlight of the whole seriesBy T FlopstarTo those who stopped reading around issue 50 25 years ago- we missed out on the fantastic run by Simon Furman at the end of the series. This is a great comic collection and Transfans who do not know this run need to pick

up all of Mr. Furman's books - the run starts halfway through vol 5 and ends the title at book 7.0 of 1 people found the following review helpful. Volume 6 is very nice. The historic comic book roots of THE TRANSFORMERS are re-presented for maximum Cybertronian enjoyment. Collecting issues #65-76, rejoin The AUTOBOTS and The DECEPTICONS as their war stretches across the cosmos. Freshly re-mastered and re-colored, these stories are accompanied by an in-depth introduction as well as select issue notes by Mark W. Bellomo.
