After the story ends you are provided a 4 issue series regarding the headmaster origins as well as the comic version of the cartoon film. The actual main story ends with some unanswered questions Furman however was able to tie everything up in regeneration one series. These are separate volumes which were written many years after transformers classics ended. I will be sure to pick those volumes up in order to complete

the story. 0 of 0 people found the following review helpful. Classic Transformers volume 7 reprints Marvel Comics Transformers #77-80 and etc.,! By N.
