Shane McCarthy : Transformers: Drift - Empire of Stone before purchasing it in order to gage whether or not it would be worth my time, and all praised Transformers: Drift - Empire of Stone:

0 of 0 people found the following review helpful. Nicely Drawn, Mediocre StoryBy rockabillydentistThe main attraction here is the art by Guido Guidi. The odd couple relationship between Drift and Ratchet is there but in somewhat stifled form, as readers of the Transformers: More Than Meets The Eye series will notice the absence of James Roberts' knack for dialogue. The script here is mediocre by comparison, but overall most Drift fans will enjoy

the colorful characters and Guido Guidi's very nice artwork. A non-essential but fun diversion. 0 of 0 people found the following review helpful. Five Stars By Jazz Even I liked the Comic, thanks to the shipping packaging the Comic wasn't Collector material anymore... 0 of 0 people found the following review helpful.
