From the cover I was expecting more advanced but if your a kid thats like eight this would be a good starter for someone who has never drawn before 0 of 0 people found the following review helpful. Pretty simple book on how to draw the important characters ... By Customer Pretty simple book on how to draw the important characters of Transformers: Prime. However I wish it was more in depth and offered tips how to draw the characters regardless of age range. 0 of 0 people found the following review helpful. How to draw Transformers By james detty This book seem like it's might be pretty good it does show you how to begin some to the middle and to finish, but I would like to have it little bit more step-by-step so it wasn't 's it's the people who made the book should done just a little bit better job show you little but more on the middle and how to finish it completely. So five out five stars I would give it a five star
