Simon Furman : Transformers: Regeneration One Volume 4 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Transformers: Regeneration One Volume 4:

0 of 0 people found the following review helpful. Great read By Manny Good conclusion on a good story artwork is very nice. 0 of 0 people found the following review helpful. Closer to a 4-star than a 3-star By Justin C This is well-worth buying and reading. The three-star rating is only because Volume 4 becomes a bit...repetitive. By the end, the reader can become a little well worn by the constant world-destroying. However, this is a worthy end to the G1

comic.0 of 0 people found the following review helpful. Can We Do Less?By Matt AdamsFinally, someone has given justification for Rodimus Prime's existence. I still recall vividly the day that I read the first end...this story became more than just putting a bow on the old series. I still expect to see issue #101 someday, given that ending that never ends....

Rodimus Prime struggles to comprehend what is happening as dark forces rise and an invasion begins the war to end all wars!

About the AuthorSimon Furmanis a writer for comic books and TV animation, his name inextricably linked to Transformers, the 80s toy phenomenon. He has written literally hundreds of stories about the war-torn "robots in disguise," for Marvel Comics (US and UK), Dreamwave, and IDW Publishing. His titles for the latter includeTransformers: Infiltration,Escalation,DevastationRevelation;Maximum Dinobots;Beast Wars: The GatheringThe Ascending;Transformers: Stormbringer,Transformers: NefariousandTransformers: Spotlight. His other comic book credits includeDoctor Who,Deaths Head,Death's Head 3.0,Alpha Flight,Turok,She-Hulk,Robocop,What If?,StarCraft,Wallace Gromit, andTorchwood.In the TV animation field, Furman has written on shows includingBeast Wars,Dan Dare,X-Men: Evolution,andA.T.O.M.,and served as lead writer and script supervisor onThe Matt Hatter Chronicles. Editorially, Furman worked on Titan Books range of Transformers titles and their "Comics Creators" series. He is also the author of numerous books, includingRad Robots,Transformers: The Ultimate Guide,You Can Draw Transformersand aDoctor Whoaudio adventure ("The Axis of Insanity").
