Action, morality, intrigue, and heartbreak - all ...By J KaputAction, morality, intrigue, and heartbreak - all rolled into one supreme Transformers book. Continuing on from threads laid in Last Stand of the Wreckers, Nick Roche and Josh Burcham have knocked this book out of the park. If you're a Transformers fan, this book along with the aforementioned Last Stand of the Wreckers are required reading.0 of 0

Great readBy BrettThis book was great! The story was fantastic and interesting and getting another story about the Wreckers is nice too.

Prowl has been kidnapped. Worse, no one wants him back. What's a meddling weasel of a bot to do? Call in THE WRECKERS of course! Too bad the only one he trusts to rescue him, Springer, has been in a coma ever since the Wreckers' last stand at the prison Garrus-9. Traitors are revealed, secrets come to light, and it may all be more than even the baddest crew of Autobots can handle. It's a Wreckers mission, so it's guaranteed to end badly, and this time the team will never be the same.
