ARTiculated bookBy GN'F'NR is slashThis is a very nice addition to any Transformers book collector, it is very nice and durable its art is very great this starts with the original 80s comics the IDW Transformers graphic novels I'm gonna cut this short and say buy this. Thanks for reading2 of 3 people found the following review helpful. Ok, But Only For Action BuffsBy John BindasIf you don't have the series that these are pulled from, or are a big action fan, you'll probably enjoy this collection.However, owning where they all come from makes them redundant. And there's very little context within or introduction as to what the current conflict is over.If you're into action and fight scenes go for it. If not, skip it.

Optimus Prime and Megatron have opposed each other since the Transformers began, and their fight continues even into this years big-screen movie. And now, this collection looks back at many of the most awe-inspiring match-ups of these two polar opposites, spanning decades of Transformers comics.
